

a map for leading audacious change in business and beyond

core beliefs:

How do they resonate, and what are yours?

self: personal transformation is the mother of all change

teams: relationship tensions eat operational issues for breakfast

organisations: decentralisation will out-collaborate centralisation

economy/Humanity: regeneration will be more profitable than extraction

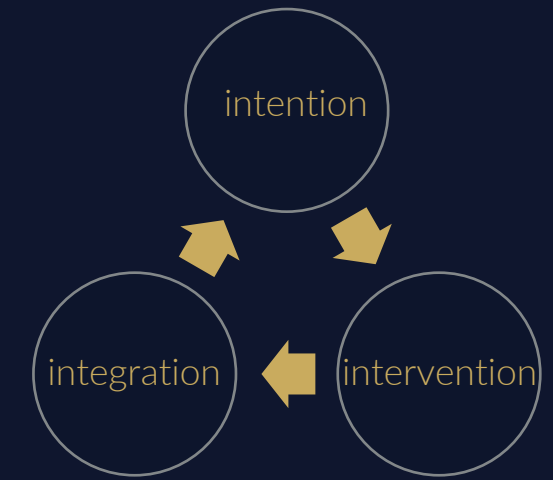

earth: we are all one, and if we don't believe this, we will find out the hard way

cosmos: solving the 'hard problem' of consciousness will explain the big Why?

cosmos

inner and outer systemic levels

change loop & observable trade-offs between levels
